

Wildlife Rescue South Coast—Adrina Selles

Wandandian Macropod Rescue and Rehab Centre

“The Pod” is a strong and durable, easy to clean and maintain insulated shed and outdoor enclosure to provide a safe space for macropods with limited or restricted mobility.

We can also use this enclosure for any macropods that may need isolation or quarantining until we can establish there is no condition or disease that could affect healthy macropods.

All the carers and volunteers at WRSC Wandandian Macropod Rescue and Rehab Centre wish to thank the NWC for their generous contribution to our Centre. It is very much appreciated.
